St John the Baptist Primary School is pleased to be hosting Code Camp after-school in Term 4. At Code Camp, kids design, code, problem solve and become storytellers and creators of technology, by creating games, websites, music and videos – in weekly after-school sessions!

Students in Years 2-6 |Our coding program features weekly challenges, functions, algorithms, branching, variables, game logic, user experience and maths. An 8-week program with a new project each week, and the fun doesn't have to stop after class! Your child will be provided with their very own Code Camp World account which they can use to continue creating at home and to share their projects with family and friends.

Students in Years K-1 | Your child will love the fun and interactive way we teach kids to code at Little Coders. It's so much fun, they won't realise they're learning! Over 8 weeks students discover the basics of coding and take their first steps to becoming a coding superstar. Kids will learn drag & drop coding with if statements, algorithms and logic, and more within our bespoke learning platform, Code Camp World!

Book now using discount code **AST4EB** to take advantage of our $15 Early Bird Special, running until 25th September 2023.
